General Information

Concerning the Municipal Bonds of the City and County of San Francisco, for Various Public Improvements, 1903-1904.

Proceedings have been taken by the City and County of San Francisco for the issuance of its bonds for the purpose of making several public improvements and to the amount stated as follows:

Hospital Bonds	$1,000,000
Sewer Bonds	7,250,000
School Bonds	3,595,000
Street Bonds	1,621,000
County Jail and Additions to Hall of Justice Bonds	697,000
Library Bonds	1,647,000
Children's Playground's Bonds	741,000
Golden Gate Park and Presidio Extension Bonds	330,000
Telegraph Hill Park Bonds	597,000
Mission Park Bonds	293,000
Amount for all purposes	$17,771,000

The Bonds will be dated July 1, 1904, and will be of the character known as "serials," and will run from one to forty years; each series will consist of a number of bonds of the denominations of $100, $500 and $1000, the total of which will aggregate one-fortieth of the principal sum. One series in its entirety, and all the bonds comprising it will be redeemed each year.

There will be 9,105 bonds of the denomination of $100 each; 6,935 bonds of the denomination of $500 each; and 13,378 bonds of the denomination of $1000 each. There will also be 360 bonds of varying denominations of less than $100.

The rate of interest will be three and one-half ($3\frac{1}{2}$) per cent per annum.

The interest will be paid semi-annually on the 31st day of December and 30th day of June.

Principal and interest to be paid at the office of the City and County Treasurer, San Francisco.

Principal and interest to be paid in gold coin of the United States.

The special election at which this issue of

bonds was authorized was held on the 29th day of September, 1903.

The vote cast on the several propositions was as follows:

Golden Gate Park and Presidio Extension Bonds	18,457	7,648
Telegraph Hill Park Bonds	17,932	8,187
Mission Park Bonds	19,421	6,857

The population of San Francisco, according to the census of 1900 was 342,000. The present population as estimated from statistics of the Police and Health Departments is 450,000.

The valuation of all real and personal property as returned by the City and County Assessor for the year 1903, was $427,646,329.

The State Board of Equalization increased

this valuation to $545,866,446 for State Assessment purposes.

There will be no bonded debt of said city and county outstanding after April, 1904, the remaining bonded debt of $250,000 being due at that time and sufficient funds will be then on hand to fully pay it.

The city and county has no floating debt, as under the requirements of the State constitution and the charter each year's expenses must be paid from the revenues of the same year.

The city and county has never defaulted in the payment of any municipal bond or interest thereon.

The tax rate of the city and county for municipal purposes, exclusive of maintenance of parks and of taxes for the payment of bonded debt and interest thereon, is limited to one dollar on each one hundred dollars of assessed valuation. The maximum amount of tax levy for maintenance of parks and squares is seven cents on each one hundred dollars of assessed valuation.

The bonds proposed to be issued are authorized by the Constitution of the State of California and the charter of the city and county of

San Francisco, in accordance wherewith all proceedings were had.

The said constitutional and charter provisions are hereinafter given.

Extract from the Constitution of the State of California:

Article XI, Section 18. No county, city, town, township, Board of Education, or school districts, shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue for such year, without the assent of two-thirds of the qualified electors thereof, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also provision to constitute a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed forty years from the time of contracting the same.

Amended Provisions of Charter.

Section 29 of Article XVI.

Section 29. When the Supervisors shall determine that the public interest requires the con-

struction or acquisition of any permanent building or buildings, improvement or improvements, land or lands, the cost of which in addition to the other expenses of the City and County will exceed the income and revenue provided for the City and County for any one year, they must by Ordinance submit a proposition or propositions to incur a bonded indebtedness for such purpose or purposes to the electors of the City and County at a special election to be held for that purpose only. All provisions of this Charter providing for the acquisition of public utilities, so far as the same are applicable, shall apply to the manner of submitting such proposition or propositions to the electors, to the limitations of said bonded indebtedness, to the issuance and character of the same, and to the time when and the kind of money in which said bonded indebtedness shall be payable. The proceeds of the sales of such bonds shall be paid into the treasury to the credit of the Public Building Fund.

Article XII.

Section 1. Whenever the Board of Supervisors by ordinance, as hereinafter provided, shall determine that the public interest or necessity demands the acquisition, construction or

completion of any public utility or utilities by the City and County, or whenever the electors shall petition the Board of Supervisors, as provided in Section 3 of this Article, for the acquisition of any public utility or utilities, the Board of Supervisors must procure from the Board of Public Works through the City Engineer, plans and estimates of the cost of original construction and completion, by the City and County, of such public utility or utilities.

In securing estimates of the cost of original construction and completion of water works, by the City and County, the Board of Supervisors must procure, as hereinabove specified, and place on file plans and estimates of the cost of obtaining, from such sources as the Board of Supervisors may designate as available, a sufficient supply of good, pure water for the City and County.

Section 2. Before submitting propostions to the electors for the acquisition by original construction or condemnation of public utilities, the Board of Supervisors must solicit and consider offers for the sale to the City and County of existing utilities in order that the electors may have the benefit of acquiring the same at the lowest possible cost thereof.

Section 3. Whenever a petition or petitions, each signed by electors of the City and County equal in number to fifteen per centum of all the votes cast in the City and County at the last preceding general election, shall be presented to the Board of Supervisors setting forth that the signers of such petition or petitions favor the acquisition of the public utility or utilities therein named, it shall be the duty of the Clerk of the Board of Supervisors to immediately proceed to examine and verify the signatures to such petition or petitions, and to certify the result of such examination to the Board of Supervisors. If the required number of signatures be found to be genuine, the Clerk shall transmit to the Mayor an authentic copy of such petition or petitions, without the signatures thereto.

Upon receiving a certificate of the Clerk that the petition or petitions contain the required number of genuine signatures, it shall be the duty of the Board of Supervisors to procure, in the manner specified in Section 1 of this Article, plans and estimates of the cost of original construction and completion of each public utility named in such petition or petitions.

Thereafter, the Board of Supervisors shall formulate, for submission to the electors of the

City and County at a special election called for the purpose, a separate proposition for the acquisition of each public utility named in such petition or petitions.

The Mayor shall also have the right to formulate and submit to the electors, at such special election a proposition for the acquisition of each public utility named in such petition or petitions, separate from the proposition therefor formulated by the Board of Supervisors.

All propositions formulated under the provision of this Section shall be completed within six months after the filing of such petition or petitions.

Nothing in this Section shall be so construed as to prohibit the Board of Supervisors from responding to the aforesaid petition or petitions of the electors requesting the acquisition of any public utility or utilities by proceeding at once, without the submission of propositions to the electors as aforesaid to pass an Ordinance declaring its determination, as provided in Section 5 of this Article, to acquire the same and from proceeding thereafer to secure the acquisition thereof, as hereinafter provided.

Section 4. At the next regular meeting after

the completion of the proposition or propositions for the acquisition of the public utility or utilities named in such petition or petitions, the Board of Supervisors by Ordinance, as hereinafter in Section 6 provided, shall call a special election at which the propositions of the Board of Supervisors and of the Mayor, if he formulate any, shall be submitted to the electors of the City and County.

When the cost of any public utility or utilities named in such petition or petitions can be paid out of the annual revenues of the City and County in addition to the other necessary expenses thereof, each proposition therefor, submitted to the electors, shall specify the cost of the utility therein proposed for acquisition by the City and County, the proposed method and manner of payment thereof, and the Board of Supervisors shall submit therein to the electors the question whether the same shall be acquired upon such terms. A majority of the electors voting at such special election shall be necessary to accept such proposition.

At as early a date after the determination of the result of such special election as the Board of Supervisors shall deem for the best interests of the City and County, it shall undertake pro-

ceedings and enter into such negotiations and contracts as may be necessary for the acquisition of any public utility or utilities named in any proposition or propositions accepted by a majority of the electors voting at such special election.

If, however, the cost of any public utility or utilities, named in any petition or petitions of the electors shall so far exceed the annual revenues of the City and County, in addition to the other necessary expenses thereof, as to render it necessary to incur a municipal bonded indebtedness therefor, each proposition for the acquisition of such public utility or utilities shall specify the amount of the bonded indebtedness necessary therefor and the rate of interest thereon, and the Board of Supervisors shall submit to the electors, at such special election, the question whether such bonded indebtedness shall be incurred. At least two-thirds of the electors voting at such special election shall be necessary to secure the acquisition of such public utility or utilities and to warrant the issuance of municipal bonds therefor.

Section 5. Whenever the Board of Supervisors shall determine that the public interest or necessity demands the acquisition, construction

or completeion of any public utility or utilities. It shall specifically declare such determination by an Ordinance which shall also direct the Board of Public Works to procure and file plans and estimates of the cost of original construction and completion of such public utility or utilities. such Ordinance shall be published for at least two weeks in the official newspaper.

When the cost of such public utilities, or any of them, can be paid out of the annual revenues of the City and County in addition to the other necessary expenses thereof, the Board of Supervisors shall, as soon after the filing of the plans and estimates of cost thereof as it may deem for the best interests of the City and County, enter into such negotiations and contracts as may be necessary for the acquisition of the same.

If, however, the cost of such public utilities, or any of them, shall so far exceed the annual revenues of the City and County in addition to the other necessary expenses thereof, as to render it necessary to incur a municipal bonded indebtedness therefor, the Board of Supervisors shall, at any regular meeting held within eight weeks after the filing of the plans and estimates of cost thereof, by Ordinance, as hereinafter in

Section 6 of this Article provided, call a special election, at which shall be submitted to the electors a proposition or propositions for the acquisition of such public utility or utilities. Such propositions shall specify the amount of the bonded indebtedness necessary for the acquisition of the utility or utilities therein named and the rate of interest thereon, and the Board of Supervisors shall submit to the electors the question or questions whether such bonded indebtedness shall be incurred. At least two-thirds of the electors voting at such special election shall be necessary to warrant the issuance of municipal bonds for the acquisition of such public utilities, or any of them.

Section 6. Whenever, under the provisions of this Article, it shall be necessary to call a especial election for the purpose of submitting to the electors a proposition or propositions for the acquisition of public utilities, the Board of Supervisors shall pass an Ordinance calling such special election for such purpose.

At such special election all propositions for the acquisition of public utilities, formulated under the provisions of this Article, may be submitted to the electors of the City and County. No question except the acquisition of pub-

lic utilities and the incurring of municipal indebtedness therefor shall be submitted at such special election.

Section 7. The Ordinance calling such special election shall set forth the purposes for which the election is called, the estimated cost of each utility proposed for acquisition by the City and County, the proposed method and manner of payment thereof, and shall fix a day on which such special election shall be held, the manner of holding such election and the manner of voting for or against each proposition thereat submitted to the electors; and, if it shall be necessary to incur a municipal indebtedness for any utility or utilities therein proposed for acquisition by the City and County, the Ordinance shall specify the objects and purposes for which such indebtedness is proposed to be incurred, and that bonds of the City and County shall issue for the payment of the cost of such utility or utilities, as in such Ordinance set forth (if the proposition or propositions therefor be accepted by the electors.) Such election shall be held as provided by law for holding elections in the City and County.

Section 8. Such Ordinance shall be published daily for at least ten days in the official news-

paper. At the expiration of said ten days the Supervisors shall cause to be published daily for not less than two weeks in the official newspaper a notice of such special election. Such notice shall specify the purpose for which the indebtedness is to be incurred, the number and character of the bonds to be issued, the rate of interest to be paid, and the amount of tax levy to be made for the payment thereof.

Section 9. No indebtedness shall be incurred for the acquisition of any public utility under the provisions of this Article, which, together with the existing bonded indebtedness of the City and County, shall exceed at any one time fifteen per centum of the assessed value of all real and personal property in the City and County.

Section 10. The bonds issued under the provisions of this Article shall be of the character of bonds known as serials, and shall be payable in lawful money of the United States. The Supervisors shall decide at the time of the issue of the bonds in what lawful money of the United States said bonds shall be payable. Not less than one-fortieth part of the whole amount of indebtedness shall be paid each and every year, on a day and at a place to be fixed by the Super-

visors, together with the interest on all sums unpaid at such date.

The bonds so issued shall be exempt from all taxation for municipal purposes, and shall be issued in denominations of not less than ten dollars nor greater than one thousand dollars, and preference in the sale and allotment thereof shall be given to subscribers for the smallest amounts and lowest denominations.

Said bonds must be payable on the day and at the place fixed therein, and with interest at the rate specified therein, but such interest shall not exceed four per centum per annum, payable annually, semi-annually or quarterly, as the Supervisors may determine. Such bonds when issued may be sold by the Supervisors from time to time as required, and in such quantities as they may determine, but the same must be sold for cash in lawful money of the United States as aforesaid to the highest bidder at not less than par, after having been advertised in the official newspaper. They shall be sold under sealed proposals, and the Supervisors shall have the right to reject any or all bids made for the purchase thereof. The proceeds of such sales shall be placed in the treasury to the credit of the proper fund and shall be applied exclusively to

the purposes and objects mentioned in the Ordinance authorizing their issue until such objects are fully accomplished, after which, if any surplus remains, such surplus shall be transferred to the General Fund.

Section 11. Such bonds shall be signed by the Mayor and the Treasurer, and shall be countersigned by the Auditor. The coupons shall be numbered consecutively and signed by the treasurer, and the bonds and coupons shall be payable at the office of the Treasurer.

Section 12. At the time of levying the municipal tax and in the manner provided for such tax levy, the Supervisors shall levy and collect annually a tax sufficient to pay the annual interest on such bonds, and also the proper aliquot part of the aggregate amount of such indebtedness so incurred. Such taxes shall be in addition to all other taxes levied for municipal purposes, and shall be collected at the same time and in the same manner as other municipal taxes are collected.

Section 13. A neglect or refusal on the part of the Supervisors to comply with the provisions of this Article shall constitute cause for the removal from office of any member or members of the Board guilty of such neglect or refusal.

All of the proceedings in relation to the proposal bond issue are herein contained and are published as exhibits, numbered from one to thirty, and are as follows:—

EXHIBIT NO. 11.

San Francisco, Cal., July 24th, 1903.

To the Honorable

The Board of Public Works

Of the City and County of San Francisco.

Gentlemen:—

Acting under your instructions and in compliance with the provisions of Ordinance No. 919 of the Board of Supervisors, plans and estimates of the cost of constructing a City and County Hospital have been made.

The plans are shown on Sheets Nos. 1, 2, 3, 4 and 5, entitled "Plans for a City and County Hospital, prepared by C. E. Grunsky, City Engineer, under directions of the Board of Public Works, as per provisions of Ordinance No. 919 of the Board of Supervisors, San Francisco, Cal., July 24th, 1903."

These plans are herewith submitted and have

been made the basis of the cost estimate. The hospital has been planned for that portion of the Almshouse Tract which lies to the west of Dewey Boulevard as delineated on the Official Map of the City and County. The position of buildings has been adapted to this site, which is indicated by Ordinance No. 919—this Ordinance referring specifically to Resolution No. 551 of the Board of Supervisors, in which the tract is described by meets and bounds. * * * *

[NOTE—The plans of the proposed structure are here given with considerable detail.]

The hospital complete and ready for occupancy, all buildings to be of class B type of construction, as defined by Ordinance No. 645 of the Board of Supervisors, is estimated to cost $1,000,000.

Very respectfully,

C. E. GRUNSKY,

EXHIBIT NO. 12.

San Francisco, Cal., June, 30, 1903.

To the Honorable

The Board of Public Works,

Of the City and County of San Francisco.

Gentlemen:—

In compliance with your instructions and with the directions of Ordinance No. 700 of the Board of Supervisors, plans and estimates of the cost of the construction of a sewer system have been made.

The necessities for a sewerage system and the general principles governing the design of the system have been discussed at some length in a report submitted to the Board of Supervisors by me, with M. Manson and C. S. Tilton as associate engineers in 1899. The scheme now submitted conforms to the recommendations then made, differing from it only in matters of minor importance, in the amount of sewer work recommended for immediate construction which has been increased, and in the cost estimate which has had to be revised throughout on the basis of current prices of material and current wages.

The report above noted which bears date October 21st, 1899, is to be referred to for addi-

tional information relating to the required sewers, the reasons for selecting certain points of outfall, the methods of determining required capacity and the subdivision of the City into sewer districts.

The cost estimate of the work now recommended for immediate construction is in excess of previous estimates, for the reason that much more work is recommended and because there has been a great advance in the price of labor and materials since the previous estimates were made.

The location of the sewers proposed to be constructed are shown on Sheets No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 and 14, entitled "Plans for a Sewer System for the City and County of San Francisco, Cal., prepared by C. E. Grunsky, City Engineer, under direction of the Board of Public Works, as per provisions of Ordinance No. 700 of the Board of Supervisors, San Francisco, Cal., June 30th, 1903," submitted herewith, which sheets are to be considered a part of this report.

All pipe sewers are to be of vitrified, salt-glazed, iron stone. All sewers designated as brick sewer less than four feet six inches in diameter are to have inverts either of brick or of

concrete. All larger sewers are planned to have concrete inverts, reinforced where necessary with iron rods or their equivalent and supported on insecure ground by piling. Although the estimate is based on sewers of the type described, there is no reason why, if occasion arises, the material should not be either brick throughout or concrete throughout, dimensions and shapes being slightly altered to suit the material used.

The tabular exhibit in this report indicates the location of the sewers which are recommended for immediate construction and of the old sewers which while remaining in service as a part of the main drainage system, require more or less alteration or repair work. * * * * * *

[NOTE—Detailed plans and methods of proposed construction are here given.]

ESTIMATE OF COST.

The sewers and works recommended for immediate construction and as described in this report, together with the work necessary to make efficient such of the existing sewers as have been incorporated into this system as mains or sub-mains of local districts, are covered by the following estimate of cost: (This does not include sewers designated in the table

EXHIBIT NO. 13.

San Francisco, Cal., July 24th, 1903.

To the Honorable

The Board of Public Works

Of the City and County of San Francisco.

Gentlemen:—

In compliance with the provisions of Ordinance No. 920 of the Board of Supervisors, and agreeably to your directions, plans and cost

estimates have been made of the construction of school buildings and of the acquisition of lands to be used for school purposes as hereinafter set forth:

The estimated cost of acquiring specific tracts of lands is based on appraisement of present value with an allowance for increase of value in the time that will elapse before the City will be ready to make the purchases. It is to be understood that this estimate of cost is intended to be sufficient to acquire any other similarly situated tracts, should those directed to be appraised by Ordinance be, for any reason, found to be not available at the time when needed.

The project numbers hereinafter used correspond with the sub-division of section No. 3 of the above mentioned Ordinance No. 920.

Projects Nos. 5, 17, 20 and 30: Eight room brick buildings. Plans for these school buildings are shown on Sheets Nos. 1, 2, 3, and 4, entitled "Plans for Brick School Houses as per Projects Nos. 5, 17, 20 and 30 of Section 3 of Ordinance No. 920 of the Board of Supervisors, prepared by C. E. Grunsky, City Engineer, under the direction of the Board of Public Works, San Francisco, California, July 24, 1903." * *

[NOTE—Herein is given detailed plans and estimates of costs of construction and purchase of lands the total cost of which is given as follows: For purchase of Real Estate $564,000; for construction of buildings, $3,031,000; total $3,995,000. EXHIBIT NO. 14.

San Francisco, Cal., June 30th, 1903.

To the Honorable

The Board of Public Works

Of the City and County of San Francisco.

Gentlemen:—

Under your direction and in compliance with the provisions of Ordinance No. 702 of the Board of Supervisors, plans and estimates of

cost of repairing and improving the accepted streets of this City and County have been made.

The cobble stone pavements in the business section of the City are, where gradients will permit, to be replaced by basalt block pavements or by asphalt or bituminous rock pavements.

Where, as in the case of the easterly end of Market street and the streets terminating in this section of Market street there has been considerable sinking below official street grade, it is proposed to raise the streets to their proper position and to put all new work at official grade.

Basalt block pavements that are worn out are to be reconstructed. In many cases where street traffic is heavy the basalt blocks will be placed on a foundation of concrete, so far as serviceable, old blocks are to be used in the work of repaving, being redressed to the smaller sizes now in general use.

On some of the streets paved with bituminous rock the wearing surface has served its time and is to be replaced with fresh material.

Some bituminous rock laid on a macadam foundation is to be replaced by bituminous rock or asphalt on a concrete foundation. * * * *

[NOTE—Here is given detailed plans for improving and repairing streets and the names and portions of accepted streets to be repaired.]

The repair and improvement of the accepted streets as hereinabove set forth is estimated to cost:

Basalt Block pavement on concrete, .$	537,000
Basalt Block pavement on Sand, ...	139,000
Bituminous Rock or Asphalt pavement on concrete, ...	900,000
Bituminous Rock or Asphalt pavement wih 14-foot basalt block strip, ...	8,000
Bituminous Rock or Asphalt pavement, ...	37,000
Total estimated cost, ...$	1,621,000

Very respectfully,

EXHIBIT NO. 16.

San Francisco, Cal., June 30, 1904.

To the Honorable

The Board of Public Works

Of the City and County of San Francisco.

Gentlemen:—

Ordinance No. 793 of the Board of Supervisors directs your Board to procure through the City Engineer plans and estimates of the cost of the construction by the City and County of a "Public Library and Reading Rooms," and to file an appraisement of the lands required for library purposes.

The plans of the Library building have been prepared in compliance with your instruction and the cost of acquiring the library site has been estimated.

As directed by the Ordinance the cost estimates are based upon the assumption that the library be located upon the block of land bounded by Van Ness Avenue, Fulton, Grove and Polk streets, but they are equally applicable for the building upon any other site of sufficient area conveniently located.

The library is planned for construction of

granite with interior finished in marble. It is to face Van Ness Avenue. It will be a two-story structure with a basement, and with a mezzanine floor in the central portion of the building.

Six massive columns surmounted by a pediment will give expression to the entrance as a grand central feature of the building. The first floor will be reached by a broad flight of steps in front of the central columns, also by steps leading to two side entrances opening toward Grove and toward Fulton streets.

The style of architecture is to be classic; large Corinthian columns, 40 feet high, will be placed entirely around the building.

In the center of the building will be a rotunda fifty feet in diameter, with twelve marble columns, surmounted by a glass dome.

Space for the book stacks will be ample and conveniently located in the rear central portion of the structure. These book stacks are to be of the most modern type entirely of metal with glass floors, accessible at several points from each story of the building.

The basement will afford room for a newspaper reading room in the northwesterly cor-

ner, a work room in the northeasterly corner, a central large hallway with space for bicycles, small store-rooms, rooms for receiving and cataloguing books, a sub-station room and a lunch-room, besides lavatories for the public and employees.

On the first floor will be the central delivery hall with delivery desk facing the entrance. The northerly wing of the building is to be used as a reading room, the southerly wing as a children's room and for book shelves of free access to the public. Upon one side of the entrance on this floor will be the librarian's, on the other the Secretary's office. Space is provided for a check-room.

The mezzaine floor, with large open space around the circular light well and with ample wall space will serve for exhibits. On this floor, corresponding in position to the rooms set apart for the Librarian and Secretary on the first floor, will be two rooms, one of which is for the Trustees.

On the second floor toward the front and similarly located upon either side of the stairway, will be two rooms for special reference. The northerly wing of the building on this floor is to be used for bound newspapers and periodic-

als; the southerly wing will be a lecture hall, with seating capacity of 1500. The central wing in the rear of the building may serve for unbound periodicals, a Committee-room and additional book stacks.

Cost of construction of this building complete and ready for occupancy and use is estimated at, ...$1,000,000

Lands to be acquired as specified in Ordinance No. 793 and described as follows:—

All that land vested in private ownership, embraced in Western Addition Block No. 67, bounded by Polk street on the east, Fulton street on the north, Van Ness avenue on the west and Grove street on the south, in the City and County of San Francisco, or a parcel or lot of land size and like value and in the immediate neighborhood of said block or parcel of land hereinbefore described.

Cost of the acquisition of these lands is estimated at, and these lands are appraised at, ... 647,000

Total, ...$1,647,000

The plans of this building are submitted herewith on Sheets Nos. 1, 2, 3, 4 and 5, entitled "Plans for a Building to be used as a Public Library and Reading Rooms, prepared by C. E. Grunsky, City Engineer, under direction of the Board of Public Works, as per provisions of Ordinance No. 793 of the Board of Supervisors, June 30th, 1903."

To the Honorable

The Board of Public Works

Of the City and County of San Francisco.

Gentlemen:—

As directed by you, under provisions of Ordinance No. 704, I have made an estimate of the cost of acquiring for park purposes the lands known and designated as the official map of this City and County as Outside Land Blocks Nos. 84, 169, 194, 271, 296, 368 and 393, and Outside Land Block I, being the blocks of land between Thirteenth and Fourteenth Avenues ex-

tending northerly from Golden Gate Park to the Presidio, exclusive of land already belonging to the City and County.

The cost of acquiring these lands is estimated at and these lands are appraised at, ... $330,000

There are herewith submitted plans of this improvement on a sheet entitled "Plans for the Extension of Golden Gate Park northerly between Thirteenth and Fourteenth Avenues so as to connect with the Presidio Military Reservation, prepared by C. E. Grunsky, City Engineer, under direction of the Board of Public Works, as per provisions of Ordinance No. 704 of the Board of Supervisors, San Francisco, Cal., June 30th, 1903."

To the Honorable

The Board of Public Works

Of the City and County of San Francisco.

Gentlemen:—

Ordinance No. 705 of the Board of Supervisors, directs your Board to obtain through the City Engineer plans and estimates of the cost of acquiring lands for a public park in that portion of the City and County known as Telegraph Hill.

The acquisition of the lands described in said Ordinance will be the first step toward the preservation and permanent improvement of Telegraph Hill.

The lands to be acquired are the following:—

The 50-vara lots Nos. 194, 199 and 212, in the block bounded by Broadway, Sansome, Vallejo and Montgomery streets.

The 50-vara lots Nos. 215 and 246, and the westerly 91 feet 8 inches of the 50-vara lots Nos. 214 and 247 in the block bounded by Vallejo, Sansome, Green and Montgomery streets.

The 50-vara lots Nos. 185 and 186, and the westerly 45 feet 10 inches of 50-vara lots Nos. 187 and 188 in the block bounded by Green, Sansome, Union and Montgomery streets.

The 50-vara lots Nos. 1483 and 1488, and the westerly 91 feet 8 inches of the 50-vara lot Nos. 1484 and 1489 in the block bounded by Union, Sansome, Filbert and Montgomery streets.

The 50-vara lots Nos. 1470 and 1477, and the westerly 91 feet 8 inches of lots Nos. 1471 and 1478 in the block bounded by Filbert, Sansome, Greenwich and Montgomery streets.

All of that portion of the block bounded by Greenwich, Sansome, Lombard and Montgomery streets lying southwesterly from a line extending from a point on the easterly line of Montgomery street, 175 feet from Greenwich street, to a point on the northerly line of Greenwich street, 300 feet easterly from Montgomery street.

The 50-vara lots Nos. 1460 and 1476 in the block bounded by Filbert, Montgomery, Greenwich and Kearney streets.

All of the block bounded by Greenwich, Montgomery, Lombard and Kearny streets.

All of that portion of the block bounded by Greenwich, Kearny, Lombard and Dupont streets lying to the easterly of Telegraph place and Good Children street.

The 50-vara lots Nos. 1445 and 1449 and all of 50-vara lots Nos. 1446 and 1450 lying west of Winthrop street in the block bounded by Lombard, Montgomery, Chestnut and Kearny streets.

The 50-vara lot No. 532 in the block bounded by Lombard, Kearny, Chestnut and Dupont streets.

The easterly 90 feet of 50-vara lot No. 541 in the block bounded by Chestnut, Kearny, Francisco and Dupont streets, excepting such portions of the above described lots and tracts as are already public property.

Cost of the acquisition of these lands has been estimated at and these lands are appraised at, ... $597,000

Plans of this improvement showing the location of the lands to be acquired are submitted herewith on a sheet entitled "Plans for the Telegraph Hill Park, prepared by C. E. Grunsky, City Engineer, under direction of the Board of Public Works, as per provisions of Ordinance

To the Honorable

The Board of Public Works

Of the City and County of San Francisco.

Gentlemen:—

Ordinance No. 708 of the Board of Supervisors directs your Board to procure through the City Engineer an appraisement of lands required for park purposes in that portion of the City and County known as the Mission.

The lands to be acquired for this purpose are the blocks of land known and designated upon

the official map of this City and County as Mission Blocks Nos. 86 and 87.

The cost of acquiring these lands has been estimated at and these lands are appraised at, ... $293,000

Plans of this improvement showing the location of the lands to be acquired are submitted herewith on a sheet entitled "Plans for a public park in the Mission, prepared by C. E. BILL No. 1109.

ORDINANCE No. 946.

Calling a special election for the purpose of submitting to the electors of the City and County propositions to incur a bonded indebtedness for the construction of a new City and County Hospital; the construction of a sewer system; the construction of new school houses, of improvements to existing school houses, the acquisition of lands for erecting thereon new school houses, and also for additional lands for playgrounds for established schools; the repair and improvement of accepted streets; the construction of a new County Jail, the construction of additions to the Hall of Justice, and the acquisition of lands for the construction thereon of said County Jail and additions to said Hall of Justice; the construction of a building to be used as a "Public Library and Reading Rooms," and the acquisition of land for the construction thereon of said building; the acquisition of lands for public parks to be used as children's playgrounds; the acquisition of land for the extension of Golden Gate Park northerly to the Presidio Military

Reservation; the acquisition of lands for an additional public park in that portion of the City and County known as "Telegraph Hill"; the acquisition of lands for an additional public park in that portion of the City and County known as the "Twin Peaks Tract"; the acquisition of certain lands for a new and additional park or square to be known as "St. Mary's Square"; the acquisition of lands for an additional public park in that portion of the City and County known as the "Mission," the cost of which buildings, improvements and lands, in addition to the other expenses of the City and County will exceed the income and revenue provided for the City and County for any one year.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. A Special Election, in and for the City and County of San Francisco, at which shall be submitted to the electors, twelve (12) certain propositions, hereinafter designated, the cost of each of which, in addition to the other expenses of the City and County, will exceed the income and revenue provided for the City and County for any one year, and to incur a municipal bonded indebtedness therefor, is hereby ordered and called.

Section 2. The objects and purposes for which the said indebtedness is proposed to be incurred is the construction and ascquisition of the following municipal buildings and improvements and of the following described lands, in accordance wih the plans and estimates of cost and the appraisements of the City Engineer, filed by the Board of Public Works, in the office of the Board of Supervisors, July 24, 1903, to wit:

HOSPITAL.

The construction of a new City and County Hospital upon a site, the propertv of the City and County, selected in accordance with Resolution No. 551 of the Board of Supervisors, "Providing for the selection, adoption and dedication of the proposed new City and County Hospital Buildings," approved June 27, 1900.

The estimated cost of construction of said Hospital is the sum of one million dollars ($1,000,000.)

The necessity for the construction of said building is that the present City and County Hospital is old and dilapidated, and is not suited for the purpose for which it is used, and for the further reason that humane consideration for the sick poor and the moral obligations of the people

to properly care for them, make it urgent and necessary that no further delay should be suffered in the establishment of a substantial and well-equipped City and County Hospital.

SEWER SYSTEM.

The construction of a sewer system for the City and County.

The estimated cost of construction of said sewer system is seven million two hundred and fifty thousand dollars ($7,250,000).

The necessity for the construction of said sewer system arises from the fact that the City and County has no sewer system extending throughout its limits, and the sewers now in use are old and dilapidated, and a fruitful source of much inconvenience and disease, and are inadequate to meet the needs of a large city, rapidly increasing in population.

SCHOOLS, SITES AND PLAYGROUNDS.

The construction of new school houses, of improvements to existing school houses, the acquisition of lands for erecting thereon new school houses, and also for additional lands for playgrounds for established schools, as follows:

1.—NEW SCHOOL.

A brick building of twelve (12) class rooms to be constructed on the following described land to be acquired by the City and County, to wit: Commencing at the southwesterly corner of Fourteenth and Castro streets; thence westerly along the southerly line of Fourteenth street two hundred (200) feet; thence at right angles southerly two hundred and thirty (230) feet to the northerly line of Henry street, and thence easterly along said last named line two hundred (200) feet to the westerly line of Castro street; thence northerly along said last named line two hundred and thirty (230) feet to the point of commencement, being portion of Mission Block No. 121; or upon a parcel or lot of land of similar size and like value and in the immediate neighborhood of said lot or parcel of land lastly described.

The estimated cost of construction of said building is eighty-one thousand dollars ($81,000), and the estimated cost of said land to be acquired is twenty-two thousand dollars ($22,000).

2.—NEW SCHOOL.

A brick building of sixteen (16) class rooms to be constructed on the following described land

to be acquired by the City and County, to wit: Commencing at the northeast corner of Carl and Stanyan streets, running thence easterly along the northerly line of Carl street two hundred (200) feet; thence at right angles northerly one hundred and thirty-seven (137) feet and six (6) inches; thence at right angles westerly two hundred (200) feet to the easterly line of Stanyan street; thence along said line of Stanyan street one hundred and thirty-seven (137) feet and six (6) inches to the point of commencement, being a portion of Western Addition Block No. 696; or upon a parcel or lot of land of similar size and like value and in the immediate neighborhood of said lot or parcel of land lastly described.

The estimated cost of construction of said building is one hundred and eight thousand dollars ($108,000) and the estimated cost of said land to be acquired is twenty-seven thousand five hundred dollars ($27,500).

3.—SHERIDAN PRIMARY SCHOOL.

A frame building of twelve (12) class rooms to be constructed on the present site, the property of the City and County, described as follows: Commencing at a point on the north side of Minerva street two hundred (200) feet west

from the northwest corner of Plymouth and Minerva streets; thence west along the north line of Minerva street one hundred (100) feet; thence at right angles north one hundred and twenty-five (125) feet; thence at right angles east one hundred (100) feet; thence at right angles south one hundred and twenty-five (125) feet to the point of commencement, being one-half of lot No. 7, Block S, Railroad Homestead Association.

And an additional lot of land required for said school, the some to be acquired by the City and County, and described as follows: Commencing at a point on the southerly line of Montana street, distant thereon two hundred (200) feet westerly from the westerly line of Plymouth street; running thence westerly on the southerly line of Montana street two hundred (200) feet; thence at right angles southerly two hundred and fifty (250) feet to the northerly line of Minerva street; thence at right angles easterly along said line of Minerva street one hundred (100) feet; thence at right angles northerly along the western boundary of the present Sheridan School lot one hundred and twenty-five (125) feet; thence at right angles easterly along the northern boundary of said school lot one hundred (100) feet, and thence at right angles northerly one

hundred and twenty-five (125) feet to the point of commencement, being a portion of Block S, Railroad Homestead Association; or upon a parcel or lot of land of similar size and like value and in the immediate neighborhood of said lot or parcel of land lastly described.

The estimated cost of construction of said building is fifty-six thousand dollars ($56,000), and the estimated cost of land to be acquired is four thousand and seven hundred dollars ($4,700).

4.—MARSHALL PRIMARY SCHOOL.

A brick building of sixteen (16) class rooms to be constructed on the following described land to be acquired by the City and County, to wit: Commencing at the southwesterly corner of Capp and Seventeenth streets; running thence westerly along the southerly line of Seventeenth street one hundred and sixty-five (165) feet; thence at right angles southerly one hundred and ten (110) feet; thence at right angles easterly forty-two (42) feet and six (6) inches; thence at right angles southerly seventy-five (75) feet; thence at right angles easterly one hundred and twenty-two (122) feet and six (6) inches to the westerly line of Capp street, and thence along said westerly line of Capp street one hundred

and eighty-five (185) feet to the point of commencement, being a portion of Mission Block No. 60; or upon a parcel or lot of land of similar size and like value and in the immediate neighborhood of said lot or parcel of land lastly described.

The estimated cost of construction of said building is one hundred and eight thousand dollars ($108,000), and the estimated cost of said land to be acquired is thirty-eight thousand dollars ($38,000).

5.—MADISON PRIMARY SCHOOL.

A brick building of eight (8) class rooms to be constructed on the present site, the property of the City and County, described as follows: Commencing on the south line of Clay street, one hundred and thirty-seven and one-half (137½) feet west from Walnut street; thence west on Clay street one hundred and thirty-seven and one-half (137½) feet by one hundred and thirty-seven and one-half (137½) feet in depth, being lot No. 5 in Western Addition Block No. 18.

And an additional lot of land required for said school, the same to be acquired by the City and County, and described as follows: Com-

mencing at a point on the southerly line of Clay street, distant thereon one hundred and twelve (112) feet six (6) inches westerly from the westerly line of Walnut street; running thence westerly thereon twenty-five (25) feet; thence at right angles southerly one hundred and twenty-seven (127) feet eight and one-quarter ($8\frac{1}{4}$) inches; thence at right angles easterly twenty-five (25) feet, and thence at right angles northerly one hundred and twenty-seven (127) feet eight and one-quarter ($8\frac{1}{4}$) inches to the point of commencement, being a portion of Western Addition Block No. 815; or upon a parcel or lot of land of similar size and like value in the immediate neighborhood of said lot or parcel of land lastly described.

The estimated cost of construction of said building is fifty-four thousand dollars ($54,000), and the estimated cost of said land to be acquired is three thousand and nine hundred dollars ($3900).

6.—NEW SCHOOL FOR BAY VIEW DISTRICT.

A brick building of eighteen (18) class-rooms to be constructed on the present site, the property of the City and County, described as follows: Commencing on the southwest corner of Mason and Washington streets, running one hundred

and thirty-seven and one-half (137½) feet by one hundred and thirty-seven and one-half (137½) feet in depth, being 50-vara lot No. 602 in Fifty-vara Block No. 188.

And an additional lot of land required for said school, the same to be acquired by the City and County, and described as follows: Commencing at a point on the southerly line of Washington street, distant theron one hundred and thirty-seven (137) feet and six (6) inches westerly from the westerly line of Mason street; running thence westerly on said line of Washington street, sixty-eight (68) feet and nine (9) inches; thence at right angles southerly one hundred and thirty-seven (137) feet and six (6) inches to the northerly line of Truett street, if said line were produced; thence easterly along said line of Truett street, produced, and said line of Truett street sixty-eight (68) feet nine (9) inches; thence at right angles northerly one hundred and thirty-seven (137) feet and six (6) inches to the point of commencement; or upon a parcel or lot of land of similar size and like value in the immediate neighborhood of said lot or parcel of land lastly described.

The estimated cost of construction of said building is one hundred and nineteen thousand

dollars ($119,000), and the estimated cost of land to be acquired is fourteen thousand and three hundred dollars ($14,300).

33.—MONROE PRIMARY SCHOOL.

A brick building of twelve (12) class-rooms to be constructed on land belonging to the City and County and described as follows: Commencing at a point on easterly corner of London street and China avenue; thence southeasterly two hundred (200) feet along the northeasterly line of China avenue to the northerly corner of China avenue and Paris street; thence at right angles northeasterly one hundred and fifty (150) feet along the northwesterly line of Paris street; thence at right angles northwesterly two hundred (200) feet to the southeasterly line of London street; thence southwesterly one hundred and fifty (150) feet along the southeasterly line of London street to the point of comencement, being a portion of Block No. 14, Excelsior Homestead.

The estimated cost of construction of said building is eighty-one thousand dollars ($81,000).

34.—BERGEROT SCHOOL.

A frame building of eight (8) class-rooms to

be constructed on land belonging to the City and County and described as follows: Commencing at a point on the westerly line of Twenty-fourth avenue, distant thereon northerly two hundred and twenty-five (225) feet from the northerly line of California street; running thence northerly on said line of Twenty-fourth avenue one hundred and fifty (150) feet; thence at right angles westerly two hundred and forty (240) feet to the easterly line of Twenty-fifth avenue; thence at right angles southerly along said easterly line of Twenty-fifth avenue one hundred and fifty (150) feet; thence at right angles easterly two hundred and forty (240) feet to the point of commencement, being portion of Outside Land Block No. 95.

The estimated cost of construction of said building is thirty-nine thousand dollars ($39,000).

The total estimated cost of construction of said buildings and improvements and of the land to be acquired is three million five hundred and ninety-five thousand dollars ($3,595,000).

The necessity for the construction of said new school houses, of improvements to existing school houses, the acquisition of lands for erect-

ing thereon new school houses and also for additional lands for playgrounds for established schools, arises from the fact that there are not enough school houses to accommodate the pupils desirous of attending the public schools; that many of the existing school houses are old and dilapidated and unfit for use, while others require improvements to be made thereto, and from the further fact that in many instances the lands used for playgrounds for the pupils are insufficient in size, inconvenient and inadequate.

STREETS.

The repair and improvement of accepted streets of the City and County.

The estimated cost of said repair and improvement is the sum of one million six hundred and twenty-one thousand dollars ($1,621,000).

The necessity for the repair and improvement of accepted streets of the City and County is that many of them were originally badly constructed or were paved with cobbles on a sand foundation, which makes them unsuitable for vehicular traffic in certain districts, while others because of wear or neglect of repair extending over a period of years, require extensive repairs or complete reconstruction.

COUNTY JAIL AND ADDITIONS TO HALL OF JUSTICE.

The construction of a new County Jail, the construction of additions to the Hall of Justice, and the acquisition of the following described lands for the construction thereon of said County Jail, and said additions to said Hall of Justice, to wit:

Commencing at a point on the south side of Washington street, distant thereon one hundred and thirty-seven (137) feet six (6) inches west from the southwest corner of Washington and Montgomery streets, and thence along the said southerly line of Washington street one hundred and six (106) feet six and one-half ($6\frac{1}{2}$) inches to the southeast corner of Washington street and Dunbar alley; thence southerly along the easterly line of Dunbar alley fifty-three (53) feet and six (6) inches; thence at right angles easterly twenty-three (23) feet; thence at right angles southerly forty-two (42) feet; thence at right angles westerly twenty-three (23) feet to the east line of Dunbar alley; thence southerly along said east line of Dunbar alley forty-two (42) feet to the northeast corner of Merchant street and Dunbar alley; thence easterly along the northerly line of Merchant street one hundred and six (106) feet and six

and one-half ($6\frac{1}{2}$) inches; thence at right angles northerly one hundred and thirty-seven (137) feet and six (6) inches to the south line of Washington street and point of commencement, being portion of 50-vara Survey Block No. 69.

Also, commencing on the south line of Washington street, distant thereon seventy (70) feet east from the easterly line of Kearny street; thence at right angles southerly and parallel with Kearny street thirty-four (34) feet and eight (8) inches; thence at right angles easterly and parallel with Washington street forty-seven (47) feet and six (6) inches; thence at right angles southerly and parallel with Kearny street five (5) feet and eight (8) inches; thence at right angles easterly and parallel with Washington street twenty (20) feet; thence at right angles southerly and parallel with Kearny street thirteen (13) feet and two (2) inches; thence at right angles easterly and parallel with Washington street twenty-two (22) feet and six (6) inches to the westerly line of Dunbar alley thence northerly along said westerly line six (6) inches to the southwest corner of Washington street and Dunbar alley; and thence at right angles west along the southerly line of Washington street ninety (90) feet to the

point of commencement, being portion of 50-vara Survey Block No. 69.

The estimated cost of construction of said County Jail and said additions to the Hall of Justice is the sum of five hundred and twenty-five thousand dollars ($525,000), and the estimated cost of said lands to be acquired for the construction thereon of said County Jail and said additions to the Hall of Justice is one hundred and seventy-two thousand dollars ($172,000), being a total estimated cost of six hundred and ninety-seven thousand dollars ($697,000).

The necessity for the construction of said County Jail and the acquisition of a site therefor is that the present building known as County Jail No. 1, on Broadway, is old and dilapidated, unsanitary and inadequate to meet the requirements of the City and County, and the site is insufficient in size and unsuitable.

The necessity for the construction of additions to the Hall of Justice and the acquisition of a site therefor is that additional accommodations are required for the transaction of the public business of the City and County, and to relieve the congested condition of the offices, departments and courts, located in said building.

PUBLIC LIBRARY AND READING ROOMS.

The construction of a building to be used as a "Public Library and Reading Rooms," and the acquisition of the following described land for the construction thereon of said building, to wit:

All that land vested in private ownership embraced in Western Addition Block No. 67, bounded by Polk street on the east, Fulton street on the north, Van Ness avenue on the west and Grove street on the south, in the City and County of San Francisco, or upon a parcel or lot of land of similar size and like value and in the immediate neighborhood of said block or parcel of land hereinbefore described.

The estimated cost of construction of said building to be used as a "Public Library and Reading Rooms" is one million dollars ($1,000-000), and the estimated cost of the land to be acquired is six hundred and forty-seven thousand dollars ($647,000), being a total estimated cost of one million six hundred and forty-seven thousand dollars ($1,647,000).

The necessity for the construction of said building and the acquisition of a site therefor, is that the present quarters in the City Hall are

unsuitable and inadequate for the demands of the people of the City and County of San Francisco, and that the requirements of a constantly increasing public business render it necessary that the rooms now occupied by the "Public Library and Reading Rooms" should be used for the accommodation of said public business.

PARKS FOR CHILDREN'S PLAYGROUNDS.

The acquisition of lands for public parks to be used for children's playgrounds, described as follows:

Commencing at the north corner of Bryant and Seventh streets; thence running northeasterly along the northwesterly line of Bryant street one hundred and eighty-two (182) feet and six (6) inches; thence at right angles northwesterly and parallel with Seventh street two hundred and seventy-five (275) feet; thence at right angles northeasterly and parallel with Bryant street ninety-two (92) feet and six (6) inches; thence at right angles southeasterly two hundred and seventy-five (275) feet to the northwesterly line of Bryant street; thence northeasterly along the northwesterly line of Bryant street three hundred and fifty (350) feet to the west corner of Bryant and Harriet streets; thence northwesterly along the south-

westerly line of Harriet street five hundred and fifty (550) feet to the south corner of Harrison and Harriet streets; thence southwesterly along the southeasterly line of Harrison street six hundred and twenty-five (625) feet to the east corner of Harrison and Seventh streets, and thence southeasterly along the northeasterly line of Seventh street five hundred and fifty (550) feet to the north corner of Bryant and Seventh streets and point of commencement, being portion of one hundred-vara Block No. 397.

Also all of fifty-vara Block No. 129, bounded by Powell, Stockton, Filbert and Greenwich streets, or a parcel or parcels, lot or lots of land of similar sizes and like value and in the immediate neighbordood of said lot or lots, parcel or parcels of land hereinbefore described.

The estimated cost of the acquisition of said lands is the sum of seven hundred and forty-one thousand dollars ($741,000).

The necessity for the acquisition of said lands for public parks to be used for children's playgrounds is that the congested condition of the population in the vicinity of the said proposed parks demands that the children in that section of the City and County be given the opportunity of physical exercise and development.

PARK AND PRESIDIO EXTENSION.

The acquisition of the blocks of land known and designated upon the official map of the City and County as Outside Land Blocks Nos. 84, 169, 194, 271, 296, 368 and 393, and Outside Land Block I, for the purpose of connecting Golden Gate Park with the Presidio Military Reservation.

The estimated cost of the acquisition of said lands is the sum of three hundred and thirty thousand dollars ($330,000).

The necessity for the acquisition of said blocks of land is that it has become necessary to enlarge the area of Golden Gate Park in order that the people of the City and County may have convenient access to the Presidio, which is maintained in part as a park by the United States Government.

TELEGRAPH HILL PARK.

The acquisition of lands for an additional public park in that portion of the City and County known as "Telegraph Hill," described as follows:

The 50-vara lots Nos. 194, 199 and 212, in the block bounded by Broadway, Sansome, Vallejo and Montgomery streets.

The 50-vara lots Nos. 215 and 246, and the westerly 91 feet 8 inches of the 50-vara lots Nos. 214 and 247 in the block bounded by Vallejo, Sansome, Green and Montgomery streets.

The 50-vara lots Nos. 185 and 186, and the westerly 45 feet 10 inches of 50-vara lots Nos. 187 and 188 in the block bounded by Green, Sansome, Union and Montgomery streets.

The 50-vara lots Nos. 1483 and 1488, and the westerly 91 feet 8 inches of the 50-vara lots Nos. 1484 and 1489 in the block bounded by Union, Sansome, Filbert and Montgomery streets.

The 50-vara lots Nos. 1470 and 1477, and the westerly 91 feet 8 inches of lots Nos. 1471 and 1478 in the block bounded by Filbert, Sansome, Greenwich and Montgomery streets.

All that porton of the block bounded by Greenwich, Sansome, Lombard and Montgomery streets lying southwesterly from a line extending from a point on the easterly line of Montgomery street, 175 feet northerly from Greenwich street, to a point on the northerly line of Greenwich street, 300 feet easterly from Montgomery street.

The 50-vara lots Nos. 1469 and 1476 in the block bounded by Filbert, Montgomery, Greenwich and Kearny streets.

All of the block bounded by Greenwich, Montgomery, Lombard and Kearny streets.

All of that portion of the block bounded by Greenwich, Kearny, Lombard and Dupont streets lying to the easterly of Telegrapth place and Good Children street.

The 50-vara lots Nos. 1445 and 1449 and all of 50-vara lots Nos. 1446 and 1450 lying west of Winthrop street in the block bounded by Lombard, Montgomery, Chestnut and Kearny streets.

The 50-vara lot No. 532 in the block bounded by Lombard, Kearny, Chestnut and Dupont streets.

The easterly 90 feet of 50-vara lot No. 541 in the block bounded by Chestnut, Kearny, Francisco and Dupont streets, excepting such portions of the above described lots and tracts as are already public property.

The estimated cost of the acquisition of said lands is the sum of five hundred and ninety-seven thousand dollars ($597,000).

The necessity for the acquisition of said lands is that for a period of years excavation, by means of blasting, has been conducted upon

Telegraph Hill, resulting in its disfigurment, and greatly damaging private property, and also for the reason that the requirements of the City and County demand additional park facilities in that section of said City and County.

TWIN PEAKS PARK.

The acquisition of lands for an additional public park in that portion of the City and County known as the "Twin Peaks Tract," described as follows:

Commencing at the point of intersection of the westerly line of Lincoln avenue with the northerly line of Corbett avenue and running thence westerly along said northerly line of Corbett avenue 13 chains, more or less, to the boundary line between the lands of the California Title Insurance and Trust Company and J. L. Laplace and Paul J. Drioton; thence north 11 degrees 15 minutes, east 7.87 chains; thence north 17 degrees 30 minutes, west 16.03 chains; thence north 16 chains; thence south 81 degrees, east 17.64 chains to the westerly line of Lincoln avenue; thence southerly along said westerly line of Lincoln avenue 43.50 chains, more or less, to the point of commencement.

Also, commencing at the point of intersection of the westerly line of Lincoln avenue with the

boundary line between the property of the California Title Insurance and Trust Company and the Market and Stanyan Streets and Golden Gate Park Improvement Company, being the northeasterly corner of the last above described property, and running thence northerly and northwesterly along the westerly and southwesterly line of Lincoln avenue to the southerly line of Twentieth street; thence westerly along said southerly line of Twentieth street 23 chains, more or less, to the easterly boundary line of the property of the Adolph Sutro Estate; thence south 11.83 chains to the northerly boundary line of the property of J. H. Callamore; thence east 16.97 chains; thence south 81 degrees, east 17.64 chains to the point of commencement.

Also, commencing at the southwesterly corner of the property of the Market and Stanyan Streets and Golden Gate Park Improvement Company, last above described, and running thence south 22.15 chains; thence north 85 degreees 30 minutes, more or less, east and parallel with Twenty-fourth street, produced, 18.40 chains; thence north 17 degrees 30 minutes, west 4.94 chains; thence north 16 chains; thence west 16.97 chains to the point of commencement.

Also, commencing at the southwesterly corner of the property of J. H. Callamore, last above described, and running thence south 9.78 chains; thence east 17.06 chains; thence north 11 degrees 15 minutes, east 1.55 chains; thence south 78 degrees 45 minutes, east 4.54 chains; thence north 17 degrees 30 minutes, west 11.09 chains; thence south 85 degrees 30 minutes, more or less, west and parallel with Twenty-fourth street, produced, 18.40 chains to the point of commencement.

The estimated cost of the acquisition of said lands is the sum of one hundred and fifty-nine thousand dollars ($159,000).

The necessity for the acquisition of said lands is that excavatons are being made on the sides of Twin Peaks, resulting in their disfigurement, and also for the reason that the requirements of the City and County demand additional park facilities in that section of said City and County.

ST. MARY'S SQUARE.

The acquisition of the following described lands for a new and additional public park or square to be known as "St. Mary's Square," to-wit:

Commencing at the northeast corner of Pine

and Quincy streets, thence east along the north side of Pine street one hundred and twenty-three (123) feet and ten (10) inches to the northwest corner of Pine street and St. Mary's place; thence at right angles north along the west side of St. Mary's place two hundred and seventy-five (275) feet to the southwest corner of California street and St. Mary's place; thence at right angles west along the south side of California street seventy-one (71) feet; thence at right angles south and parallel with Quincy street ninety-five (95) feet; thence at right angles west and parallel with California street to the east side of Quincy street fifty-four (54) feet, and thence south along the east side of Quincy street one hundred and eighty (180) feet to the northeast corner of Pine and Quincy streets and point of commencement. Being portion of Fifty-vara Block No. 93.

Also that portion of Fifty-vara Block No. 93 bounded by California, Quincy, Pine and Dupont streets.

The estimated cost of the acquisition of said lands is the sum of two hundred and five thousand dollars ($205,000).

The necessity for the acquisition of said lands for public park purposes is that the require-

ments of the City and County demand additional park facilities in that section of said City and County.

MISSION PARK.

The acquisition of the blocks of land known and designated upon the official map of the City and County as Mission Blocks Nos. 86 and 87, for the purpose of providing an additional park in that portion of the City and County known as the "Mission."

The estimated cost of the acquisition of said lands is the sum of two hundred and ninety-three thousand dollars ($293,000).

The necessity for the acquisition of said lands for public park purposes is that the requirements of the City and County demand additional park facilities in that section of said City and County.

Reference is hereby made to Ordinances Nos. 700, 702, 703, 704, 705, 707 and 708, approved April 13, 1903; Ordinance No. 710, approved April 22, 1903; Ordinances Nos. 792 and 793, approved June 8, 1903, and Ordinances Nos. 919 and 920, approved July 6, 1903.

Section 3. Bonds of the City and County of

San Francisco shall issue to the amount of one million dollars ($1,000,000) for the payment of the cost of the construction of said new City and County Hospital as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of seven million two hundred and fifty thousand dollars ($7,250,000) for the payment of the cost of construction of said sewer system as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of three million five hundred and ninety-five thousand dollars ($3,595,000) for the payment of the cost of construction of said new school houses and of improvements to existing school houses, and the cost of acquisition of said lands for erecting new school houses, and also of additional lands for playgrounds for establishing schools as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of one million six hundred and twenty-one thousand dollars ($1,621,000) for the payment of the cost of said repair and improvement of accepted streets as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of six hundred and ninety-seven thousand dollars ($697,000) for the payment of the cost of construction of said new County Jail and of additions to said Hall of Justice, and the cost of acquisition of said lands for the construction thereon of said County Jail and additions to said Hall of Justice, as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said special election.

Bonds of the City and County of San Francisco shall issue to the amount of one million six hundred and forty-seven thousand dollars ($1,647,000) for the payment of the cost of construction of said building to be used as a "Public Library and Reading Rooms," and the cost of acquisition of said land for the construction thereon of said building, as hereinabove set

forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at the said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of seven hundred and forty-one thousand dollars (741,000) for the payment of the cost of acquisition of said lands for public parks to be used as children's playgrounds as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of three hundred and thirty thousand dollars ($330,000) for the payment of the cost of the acquisition of said land for the extension of Golden Gate Park northerly to the Presidio Military Reservation as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of five hundred and ninety-seven thousand dollars ($597,000) for the payment of the cost of acquisition of said lands for an additional public park in that portion of the City and County known as "Tele-

graph Hill," as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of one hundred and fifty-nine thousand dollars ($159,000) for the payment of the cost of acquisition of said lands for an additional public park in that portion of the City and County known as the "Twin Peaks Tract," as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of two hundred and five thousand dollars ($205,000) for the payment of the cost of acquisition of said lands for a new and additional public park or square to be known as "St. Mary's Square," as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

Bonds of the City and County of San Francisco shall issue to the amount of two hundred and ninety-three thousand dollars ($293,000) for the payment of the cost of acquisition of said

lands for an additional public park in that portion of the City and County known as the "Mission," as hereinabove set forth, provided that the proposition be accepted by two-thirds of the electors voting thereon at said Special Election.

The bonds shall be of the character of bonds known as serials. Not less than one-fortieth part of the whole amount of indebtedness shall be paid each and every year, on a day and at a place to be fixed by the Supervisors, together with the interest on all sums unpaid at such date.

Said bonds must be payable on the day and at the place fixed therein, and with interest at the rate of three and one-half ($3\frac{1}{2}$) per centum per annum, payable annually, semi-annually or quarterly, as the Supervisors may determine.

Section 4. The Special Election hereby called shall be held on TUESDAY, the twenty-ninth day of September, 1903, and shall be held and conducted, and the votes thereat received and canvassed, and returns thereof made, and the result ascertained, determined and declared as herein provided and according to the law governing such elections in the City and County of San Francisco, and the polls for such election shall be and remain open from six

o'clock in the morning until five o'clock in the afternoon of said day.

The ballots which shall be used at said Special Election shall be of the same character and form as ballots required by law to be used at municipal elections in said City and County of San Francisco, except as otherwise hereinafter provided. Each of said ballots shall have printed thereon the following caption or heading, to wit:

"Municipal Ticket," under which shall be printed the following words, to wit:

"To vote for the propositions, or any of them, and incurring a debt therefor, stamp a cross (X) in each instance, in the blank space to the right of the word 'Yes.' To vote against the propositions, or any of them, and against incurring a debt therefor, stamp a cross (X) in each instance, in the blank space to the right of the word 'No.'"

Section 5. The said propositions shall be printed on said ballot in the following language, to wit:

1. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of one million dollars ($1,000,000),

with interest at three and one-half per cent per annum, for the purpose of constructing a new City and County Hospital, in and for said City and County."

2. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of seven million two hundred and fifty thousand dollars ($7,250,000), with interest at three and one-half per cent per annum, for the purpose of constructing a sewer system, in and for said City and County."

3. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of three million five hundred and ninety-five thousand dollars ($3,595,000), with interest at three and one-half per cent per annum, for the purpose of constructing new school houses and improvements to existing school houses, and for the acquisition of lands for erecting thereon new school houses, and also for additional lands for playgrounds for established schools, in and for said City and County."

4. "Proposition to incur a bonded debt of the City and County of San Francisco to the amount of one million six hundred and twenty-one thousand dollars ($1,621,000), with interest at three and one-half per cent per annum,

for the purpose of repairing and improving accepted streets of said City and County."

5. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of six hundred and ninety-seven thousand dollars ($697,000), with interest at three and one-half per cent per annum, for the purpose of constructing a new County Jail and additions to the Hall of Justice, and to acquire lands for the construction thereon of said County Jail and additions to said Hall of Justice, in and for the said City and County."

6. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of one million six hundred and forty-seven thousand dollars ($1,647,000), with interest at three and one-half per cent per annum, for the purpose of constructing a building to be used as a 'Public Library and Reading Rooms,' and to acquire land for the construction thereon of said building, in and for the said City and County."

7. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of seven hundred and forty-one thousand dollars ($741,000), with interest at three and one-half per cent per annum, for the pur-

pose of acquiring lands for public parks to be used as children's playgrounds, in and for said City and County."

8. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of three hundred and thirty thousand dollars ($330,000), with interest at three and one-half per cent per annum, for the purpose of acquiring lands for the extension of Golden Gate Park northerly between Thirteenth and Fourteenth avenues so as to connect with the Presidio Military Reservation, in and for said City and County."

9. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of five hundred and ninety-seven thousand dollars ($597,000), with interest at three and one-half per cent per annum, for the purpose of acquiring lands for an additional public park in that portion of the City and County known as 'Telegraph Hill,' in and for said City and County."

10. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of one hundred and fifty-nine thousand dollars ($159,000), with interest at three and one half per cent per annum, for the purpose of

acquiring lands for an additional public park in that portion of the City and County known as the 'Twin Peaks Tract,' in and for said City and County."

11. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of two hundred and five thousand dollars ($205,000), with interest at three and one-half per cent per annum, for the purpose of acquiring lands for an additional public park or square, to be known as 'St. Mary's Square,' in and for said City and County."

12. "Proposition to incur a bonded debt of the City and County of San Francisco, to the amount of two hundred and ninety-three thousand dollars ($293,000), with interest at three and one-half per cent per annum, for the purpose of acquiring lands for an additional public park in that portion of the City and County known as the 'Mission,' in and for said City and County."

To the right of each of said propositions, on separate lines, shall be printed the words "Yes" and "No," in each instance, and to the right of each of said words shall be left a blank space for a cross.

To vote for the propositions, or any of them,

the voter shall stamp a cross (X) in each instance, in the blank space to the right of the word "Yes."

To vote against the propositions, or any of them, the voter shall stamp a cross (X) in each instance, in the blank space to the right of the word "No."

The election precincts and the numbers, names and boundaries thereof for said Special Election, and the places of voting, and the officers to conduct said election, and all other necessary proceedings in that behalf, shall be respectively defined, designated, selected, appointed and had by the Board of Election Commissioners of said City and County of San Francisco.

All persons qualified at said time of election to vote at municipal elections in said City and County shall be qualified to vote at said Special Election.

As soon as the polls are finally closed in each of the said precincts at said Special Election, the officers of election shall canvass the votes cast in their respective precincts at said Special Election, respectively for and against the propositions hereinbefore mentioned, as nearly as practicable in the manner provided by law for

canvassing votes at other municipal elections held in the City and County of San Francisco. The returns of said Special Election for the said precincts shall be made out and signed in the usual form by the officers of election for said precincts respectively, and shall be deposited with the Registrar of Voters of said City and County, together with the ballots cast at said Special Election in said precincts respectively.

The Board of Election Commissioners of the City and County of San Francisco shall, as soon as the said returns and ballots from all of said precincts have been deposited with the Registrar of Voters as aforesaid, canvass the said returns and declare the result in the manner provided by law for canvassing returns and declaring results of other elections in said City and County. If, upon the canvass of the said returns as aforesaid, it shall be found and determined that at least two-thirds of the qualified electors of said City and County of San Francisco, voting at said Special Election, voted in favor of the said propositions, or any of them, to issue the said bonds, then bonds of the City and County of San Francisco to the proper sum shall be issued by said City and County as by law provided and hereinbefore prescribed by the

Board of Supervisors of said City and County.

Section 6. This ordinance shall take effect and be in force from and after its passage.

Be it ordained by the People of the City and County of San Francisco as follows:

HOSPITAL BONDS.

Section 1. That bonds of the City and County of San Francisco to the amount of one million dollars ($1,000,000), bearing interest at the rate of three and one-half ($3\frac{1}{2}$) per cent per annum, be issued in accordance with the result of a special election held in said City and County, September 29, 1903, and the provisions of the Charter of said City and County and with Ordinance No. 946 of said City and County, approved August 3, 1903, for the purpose of constructing a new City and County Hospital in and for said City and County; that said bonds shall be of the character known as "Serials," shall be designated "Hospital Bonds," shall be one thousand six hundred and fifty (1650) in number, shall be divided into forty

(40) series and shall be issued in the denominations hereinafter specified.

Said forty (40) series shall be numbered "First" to "Fortieth," inclusive, and each series shall represent one-fortieth (1-40) part of the principal sum of one million dollars ($1,000,000), and one series shall be redeemed and paid each year until all of the series shall have been so paid.

The first to the tenth series, inclusive, shall each consist of forty-eight (48) bonds of the following denominations, to wit: twenty (20) bonds of the denomination of one hundred dollars ($100) each; ten (10) bonds of the denomination of five hundred dollars ($500) each; and eighteen (18) bonds of the denomination of one thousand dollars ($1000) each.

The eleventh to the fortieth series, inclusive, shall each consist of thirty-nine bonds (39) bonds of the following denominations, to wit: Ten (10) bonds of the denomination of one hundred dollars ($100) each; ten (10) bonds of the denomination of five hundred dollars ($500) each; and nineteen (19) bonds of the denomination of one thousand dollars ($1000) each.

The bonds issued shall be dated July 1, 1904,

and shall be numbered consecutively from one (1) to one thousand six hundred and fifty (1650), both numbers included, commencing with the first series and continuing with each series consecutively up to and including the fortieth series. The bonds in each series shall be numbered in the following order, to wit: first the bonds of one hundred dollars ($100) denomination; second the bonds of five hundred dollars ($500) denomination; third the bonds of one thousand dollars ($1000) denomination; the bonds of one hundred dollars ($100) denomination of each series, bearing numbers immediately following the numbers of the bonds of one thousand dollars ($1000) denomination of the preceding series.

The principal and interest of said one thousand six hundred and fifty (1650) bonds shall be payable in gold coin of the United States at the Treasury of the City and County of San Francisco, in the manner following: The bonds included in the first series shall be made payable and shall be paid on the thirtieth day of June, 1905, and each of the succeeding series shall be made payable and shall be paid on the thirtieth day of June of each succeeding calendar year thereafter until all of said bonds shall have been paid.

The interest on said bonds, at the rate of three and one-half (3½) per cent per annum, shall be payable and shall be paid on the thirtieth day of June and the thirty-first day of December of each calendar year until the maturity of said bonds.

Interest coupons numbered consecutively shall be attached to each bond, and said coupons shall also bear a number corresponding to the bond to which they are attached. Each of the said interest coupons shall be made payable for six months' interest upon the principal sum expressed in the bond to which it is attached and shall state the period for which said interest is payable, and the number of coupons attached to each bond shall equal twice the number of years the bond has to run before it becomes due.

SEWER BONDS.

Section 2. Each of the said interest coupons shall be made payable for six months' interest upon the principal sum expressed in the bond to which it is attached and shall state the period for which said interest is payable, and the number of coupons attached to each bond shall equal twice the number of years the bond has to run before it becomes due.

MISSION PARK BONDS.

Section 10. That bonds of the City and County of San Francisco to the amount of two hundred and ninety-three thousand dollars ($293,000), bearing interest at the rate of three and one-half (3½) per cent per annum, be issued in accordance with the result of a special election held in said City and County, September 29, 1903, and the provisions of the Charter of said City and County and with Ordinance No. 946 of said City and County, approved August 3, 1903, for the purpose of acquiring lands for an additional public park in that portion of the City and County known as the "Mission," in and for said City and County; that said bonds shall be of the character known as "Serials," shall be designated "Mission Park Bonds," shall be six hundred and eighty (680) in number; shall be divided into forty (40) series, and shall be issued in the denominations hereinafter specified.

Said forty (40) series shall be numbered "First" to "Fortieth," inclusive, and each series shall represent one-fortieth (1-40) part of the principal sum of two hundred and ninety-three thousand dollars ($293,000), and one series shall be redeemed and paid each year until all of the series shall have been so paid.

Each of said series shall consist of seventeen (17) bonds of the following denominations, to wit: One (1) bond of the denomination of twenty-five dollars ($25); eight (8) bonds of the denomination of one hundred dollars ($100) each; three (3) bonds of the denomination of five hundred dollars ($500) each; and five (5) bonds of the denomination of one thousand dollars ($1000) each.

The bonds issued shall be dated July 1, 1904, and shall be numbered consecutively from one (1) to six hundred and eighty (680), both numbers included, commencing with the first series and continuing with each series consecutively up to and including the fortieth series, excepting as hereinafter provided. The bonds in each series shall be numbered in the following order. to wit: First the bonds of one hundred dollars ($100) denomination; second the bonds of five hundred dollars ($500) denomination; third the bonds of one thousand dollars ($1000) denomination; the bonds of one hundred dollars ($100) denomination of each series bearing numbers immediately following the numbers of the bonds of one thousand dollars ($1000) denomination of the preceding series, and provided that all bonds of twenty-five dollars ($25) denomina-

tion shall be numbered in the order of their respective series, immediately following the number of the last bond of one thousand dollars ($1000) denomination of the fortieth series.

The principal and the interest of said six hundred and eighty (680) bonds shall be payable in gold coin of the United States at the Treasury of the City and County of San Francisco, in the manner following: The bonds included in the first series shall be made payable and shall be paid on the thirtieth day of June, 1905, and each of the succeeding series shall be made payable and shall be paid on the thirtieth day of June of each succeeding calendar year thereafter until all of said bonds shall have been paid.

The interest on said bonds, at the rate of three and one-half ($3\frac{1}{2}$) per cent per annum, shall be payable and shall be paid on the thirtieth day of June and the thirty-first day of December of each calendar year until the maturity of said bonds.

Interest coupons numbered consecutively shall be attached to each bond, and said coupons shall also bear a number corresponding to the bond to which they are attached. Each of the said interest coupons shall be made payable for

six months' interest upon the principal sum expressed in the bond to which it is attached and shall state the period for which said interest is payable and the number of coupons attached to each bond shall equal twice the number of years the bond has to run before it becomes due.

EXHIBIT NO. 28.

BILL NO 1292.

ORDINANCE NO. ———.

PROVIDING FOR THE SALE OF CERTAIN BONDS OF the City and County of San Francisco, fixing the date when bids will be received for the purchase of the same, and directing the Clerk of the Board of Supervisors to give notice thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby declared that it is necessary to order sold and to have sold certain bonds of the City and County of San Francisco,

the issue of which has been heretofore provided for by Ordinance No. 1114, approved January 25, 1904, and Monday, the 18th day of April, 1904, at the hour of 3 p. m. of said day, at the Chambers of the Board of Supervisors of said City and County, is hereby fixed as the time and place when sealed proposals will be received for the purchase of any or all of the bonds of the following names, amounts, series and denominations, to wit:

For the purchase of hospital bonds to the amount of two hundred and fifty thousand dollars ($250,000), comprising all of the bonds of the first to the tenth series, both inclusive.

For the purchase of sewer bonds to the amount of seven hundred and twenty-four thousand and eight hundred dollars ($724,800), comprising all of the bonds of the denominations of one hundred dollars ($100), five hundred dollars ($500), and one thousand dollars ($1000), of the first to the fourth series, both inclusive.

For the purchase of school bonds to the amount of one million and seventy-seven thousand and six hundred dollars ($1,077,600), comprising all of the bonds of the denominations of one hundred dollars ($100), five hundred dol-

lars ($500), and one thousand dollars ($1000), of the first to the twelfth series, both inclusive.

For the purchase of street bonds to the amount of two hundred and forty-three thousand dollars ($243,000), comprising all of the bonds of the denominations of one hundred dollars ($100), five hundred dollars ($500), and one thousand dollars ($1000), of the first to the sixth series, both inclusive.

For the purchase of County Jail and additions to Hall of Justice bonds, to the amount of two hundred and seventy-eight thousand and four hundred dollars ($278,400), comprising all of the bonds of the denominations of one hundred dollars ($100), five hundred dollars ($500), and one thousand dollars ($1000), of the first to the sixteenth series, both inclusive.

For the purchase of Library bonds to the amount of seven hundred and thirty-nine thousand and eight hundred dollars ($739,800), comprising all of the bonds of the denominations of one hundred dollars ($100), five hundred dollars ($500), and one thousand dollars ($1000), of the first to the eighteenth series, both inclusive.

For the purchase of children's playgrounds

bonds to the amount of seven hundred and forty thousand dollars ($740,000), comprising all of the bonds of the denominations of one hundred dollars ($100), five hundred dollars ($500), and one thousand dollars ($1000), of the entire number of series and issue.

For the purchase of Golden Gate Park and Presidio Extension bonds to the amount of three hundred and twenty-eight thousand dollars ($328,000), comprising all of the bonds of the denominations of one hundred dollars ($100), five hundred dollars ($500), and one thousand dollars ($1000), of the entire number of series and issue.

For the purchase of Telegraph Hill Park bonds to the amount of five hundred and ninety-six thousand dollars ($596,000), comprising all of the bonds of the denominations of one hundred dollars ($100), five hundred dollars ($500), and one thousand dollars ($1000), of the entire number of series and issue.

For the purchase of Mission Park bonds to the amount of two hundred and ninety-two thousand dollars ($292,000), comprising all of the bonds of the denominations of one hundred dollars ($100), five hundred dollars ($500), and

one thousand dollars ($1000), of the entire number of series and issue.

Section 2. Bids will be considered for the purchase of the entire amount hereby offered for sale or for the purchase of any portion thereof, and bidders for less than the whole amount will be required to state the particular portion of the amount bid for, giving the name of the bonds, number of bonds and the denomination thereof, and the series of which the same may belong. A check payable to the order of Chas. W. Fay, Clerk of the Board of Supervisors, certified to by some responsible banking firm or corporation, equal to at least five (5) per cent of the amount bid, shall accompany each proposal; provided that no such check need exceed the sum of ten thousand dollars ($10,000), and provided further that no such check need accompany any bid made by or on behalf of the State of California. The conditions of such check are that, if the proposal of the bidder depositing the same be accepted by said Board of Supervisors, said bidder will receive and pay for the bonds awarded to him, and in case of a refusal so to do said check will be declared forfeited and will become the property of said City and County as liquidated damages on account of such refusal.

No bid will be considered for a less sum than par, or the face value of the bond or bonds bid for, together with such interest as may have accrued thereon at the time of the delivery thereof.

Bonds will be delivered from time to time to the purchasers as may be determined by the Board of Supervisors, all bonds sold to be delivered prior to January 1, 1905.

In awarding the sale of the bonds herein provided to be sold, preference in the sale and allotment thereof will be given to subscribers for the smallest amounts and lowest denominations.

The Board reserves the right to reject any or all bids made for the purchase of said bonds.

Section 3. The Clerk of this Board is hereby directed to give notice by publication in the official newspaper for a period of thirty days of the time and place for receiving bids as herein provided for, such notice to give a description of the bonds to be sold and the terms and conditions of sale.

The Clerk is also hereby directed to prepare and have printed a sufficient number of copies of the proceedings relating to the issuance of the bonds aforesaid, for the information of the public and for the use of prospective bidders.

Section 4. This Ordinance shall take effect and be in force immediately.

And the Clerk is hereby directed to advertise this Bill and Ordinance in The Evening Post Newspaper, as required by law.
